## MESSAGE FROM THE PRESIDENT

---

Congratulations on your graduation! This is an occasion as equally important to the John Jay Family as it is to you. We celebrate your accomplishments and take deep pride in knowing that we have shared in helping you embark upon an exciting and rewarding future.

We, at John Jay, have attempted to provide you with an education through the study of the Liberal Arts and the professional disciplines of Criminal Justice, Public Administration, Fire Science, Forensic Science and Forensic Psychology. This unique integration of the traditional academic disciplines with your specialized field of study has, we hope, provided you with both depth and breadth of knowledge. Through your rigorous study of these disciplines, we also hope you have developed your skills for logic, "what is" in order to ask "what can I do."

You are in the position now to provide leadership as professionals in public service areas. Your education will continue as you set out upon this new course. We hope that what you have learned and experienced at John Jay represents the beginning, not the culmination, of your educational aspirations.

I extend to each of you, the graduates of 1988, my most heartfelt wishes for happiness and fulfillment.

## TO THE GRADUATES:

CONGRATULATIONS! As a member of the Class of 1987, you are about to take on a totally different lifestyle. You will encounter new experiences and face greater challenges. These will require you to make critical decisions. But remember that each experience is a part of our forming as human beings.

Instead of the most important questions being: What will I wear to class? What grade did I make on my exam? Now, you will ask yourself questions like: Where do I go from here? Where will I find a job? What will I be doing five or ten years from now?

All of the alumni of this college have probably asked themselves these same questions. However, if you have given your best to John Jay, then you have received the best that it has to offer. Therefore, you will be able to go out into society and function on any level because you are a graduate of John Jay College of Criminal Justice. JJC only produces the best.

I wish you all the very best of what there is. Always remember your Alma Mater. Give back to John Jay, a portion of what it has given to you. Don't be afraid to tell others that you are a graduate of John Jay College of Criminal Justice, one of the finest institutions in this country.

The most precious legacy that JJC can give to you is the ideal that each of you is a part of the world and that in your very small way, you carry the responsibility for the welfare of all of the world.

Best Wishes,

Diane Stallworth

## ALL IN A STATE OF MIND

If you think you are beaten, you are;  
If you think you dare not, you don't  
If you would like to win and don't think you can  
It's almost a cinch you won't.  
If you think you'll lose, you're lost;  
For out in the world you'll find  
Success begins with a person's will;  
It's all in a state of mind.  
Full many a race is lost  
Ere even a step is run.  
And many a coward fails  
Ere even their work is begun.  
Think big and your deeds will grow.  
Think small and you'll fall behind;  
Think that you can and you will —  
It's all in the state of mind.  
If you think that you're outclassed, you are;  
You've got to think high to rise.  
You've got to be sure of yourself before  
You ever can win a prize.  
Life's battles don't always go  
To the stronger or faster man;  
But sooner or later, the person who wins  
Is the person who thinks they can.

When things go wrong, as they sometimes will,  
When the road you're trudging seems all uphill  
When the funds are low and the debts are high  
And you want to smile, but have to sigh,  
When cares are pressing you down a bit —  
Rest if you must, but **DON'T YOU QUIT!**

Life is odd with it's twist and turns,  
As every one of us sometimes learns,  
And many a person turns about —  
When they might have won had they stuck it out  
Don't give up though the pace seems slow —  
**YOU MAY SUCCEED WITH ANOTHER BLOW!**

Often the goal is nearer than  
It seems to a faint and faltering man.  
Often the struggler has given up . . .  
When they might have captured the victor's cup.  
And they learned too late when the night came down;  
**HOW CLOSE THEY WERE TO THE GOLDEN CROWN.**

Success is failure turned inside out —  
The silver tint of the clouds of doubt,  
And you never can tell how close you are,  
It may be near when it seems afar;  
So stick to the fight when you're hardest hit —  
**IT'S WHEN THINGS SEEM WORST . . .  
THAT YOU MUSTN'T QUIT!**

# RECOVERY RESOURCES NETWORK

Recovery Resources Network is a club at John Jay for those students who are interested in the alcohol and substance abuse treatment field. Many students on campus are unaware that the college is host to The Institute On Alcohol & Substance Abuse, which offers a curriculum in alcohol studies. Those courses attract students who are professionals in the field, aspiring professionals, and lay people, from diverse backgrounds and disciplines. These students have a wealth of experience and knowledge to offer each other, and the student body at large.

For years this human resource remained untapped for lack of a network with which to communicate. Recovery Resources Network fills that void. We provide a framework for mutual support, organized educational and social activities, and a campus forum for student life issues that relate to alcohol and substance abuse.
